Why Should YOU Attend Parent Workshops?

1. You can learn what your child is studying and how to support it at home
2. It allows you to create relationships, and lets you know that the school wants you to be actively engaged.

Getting involved is a great way to show your kids that you take an interest in their education. It also sends a positive message that you consider school a worthwhile cause.

Dear Parents,

Parents as we welcome spring let's make learning a top priority. Very soon the weather will change, and it can be challenging to keep students focused on learning.

What can you do to make school a top priority for your child?

1. Make attendance your number one priority. Let your child know that unless they are sick, they must attend school (and be on time.) Try to schedule appointments after school hours.
2. Show you care. Talk about school activities and projects.
3. Remain positive. Try to set a positive example for your child, even when your own day has been challenging. If you show a positive attitude about your work, your child may feel better about their own.
4. Keep up with your student's grades.

Together we can make sure your child continues to learn throughout spring and beyond.

Bobcat Strong!

Order from our store to support our school. Proceeds go to MHW PTO
