Hello Parents,

I cannot believe how much learning has occurred at Mary Wright, and we have already completed our first quarter! I continue to see strong growth for all of our students, and I am proud of the education that we offer our community. Mary Wright is a great place to learn and I am so glad that you are part of it!

Please don't forget to ask a veteran to record a short video saying their name, what branch they are in, and where they served. They could also include a short summary of what it was like to serve in our military. Please send the videos before November 9th to me via email at

tkjordan@spart7.org or via text at 864-504-8935. We will show the videos to our students each day. Thank you in advance for participating in our veteran day activities.

It is very important that your child attend school each day unless he or she is sick. Students who are chronically absent—meaning they miss at least 15 days of school in a year—are at serious risk of falling behind in school. The literal definition of truancy is the action of staying away from school without good reason; absenteeism. How can you avoid being truant?

1-Contact the school and provide an excuse when your child is absent. You can: call, email, send a note.

2- Don't keep your child out of school unless he or she is sick.
