Ways You Can Help Your Child Learn Math

Make math part of your child's day.

Point out to your child the many ways in which math is used in everyday activities.

Encourage your child to tell or show you how he or she uses math in everyday life.

Include your child in everyday activities that involve math – making purchases, measuring ingredients, counting out plates and utensils for dinner.

Play games and do puzzles with your child that involve math. They may focus on direction or time, logic and reasoning, sorting, or estimating.

Do math problems with your child for fun.

In addition to math tools, such as a ruler and a calculator, use handy household objects, such as a measuring cup and containers of various shapes and sizes, when doing math with your child.

Dear Parents,

We have two events coming up this week. On Wednesday, we will have walk to school day. Students will walk with their classes for 20 minutes around the track after they eat breakfast. They will socially distance and only one class will walk at a time. On Thursday, we will take pictures. Face to face students will have their pictures taken in the morning at school.

We have changed how virtual students will take pictures. Virtual students will have their picture taken from 11:00 AM to 1:00 PM. Parents will drive up to the front of the building. Your child will get out and enter the gym at the back door. The camera will be set up at the door. Once the picture is taken, they will exit the same door and get back in the car.

You may pay for pictures early if you like. Go to: mylifetouch.com and use this picture ID to order: MQJCB3TV

ANNOUNCEMENT

Some of you have called requesting that your child(ren) return to face to face learning. Unfortunately, if you signed up for virtual, it was for the whole year. Every situation is different, but we do not have space to bring back our virtual students. We want to make sure it is safe for everyone. If we bring back more students, we will not be able to social distance. I hope you understand.

If you or your child is having difficulty, please contact your child's teacher for assistance.

Mrs. Jordan

Order from our store to support our school. Proceeds go to MHW PTO
