Completing homework and classwork is very important to learning. If your child does not do the work, they are getting farther behind. We need your help with this. Please make sure your child is completing assignments everyday.

**How can you help  
Your child ?**

1. Make sure they are getting enough sleep
2. Keep a routine. Make homework part of the routine by sticking to the same spot and time of day.
3. Monitor homework. Check your child's homework every night, not just to see whether it's done, but also for quality.
4. Praise your child's efforts. Children learn best by positive reinforcement.
5. Encourage learning at home.

Dear Parents,

This week we welcome all hybrid students Monday through Friday. Please make sure your child get enough sleep so that they can be ready to learn this week. Also, if you have not signed up for a Weekend Bag, please click on this link to sign up. We can only offer this option to our face to face students.
