

Dear Parents/Guardians,

Spartanburg School District 7 uses Schoology as our student learning management system. With Schoology, students can digitally submit homework assignments, review grades, participate in interactive discussions, receive announcements and feedback, complete assessments, write academic blogs, and more. Further, Schoology is the main workflow platform used by teachers and students during eLearning inclement weather days.

Parents are encouraged to activate a parent account where they are able to view their child's activity within the platform. Your child's teacher can share login credentials and instructions on how to access the district's Schoology system. We value your participation in your child's education, and we encourage you to read Schoology's Privacy Policy & Terms of Use at <https://www.schoology.com/privacy>. Student progress and activity will be monitored by faculty to ensure a safe, secure, and controlled environment.

If you have questions or feedback regarding Schoology, please email your child's school administrative staff or the district's director of instructional technology at Chorowitz@spart7.org

Sincerely,

A handwritten signature in black ink, appearing to read 'Christine Horowitz'.

Christine Horowitz, EdD
Director of instructional technology
