Tradition. Excellence. Innovation.

March 4, 2019

Dear Parents,

In Spartanburg School District Seven, it is our belief that students are most successful when they are involved in programs that interest and motivate them. Though our students are assigned to schools based on their residential address, they may apply to a school with a certain focus, a school with a unique program, or another school within the district.

Expanded choice offers parents and students residing in District Seven the opportunity to request permission to attend a school other than their residentially assigned school. The different programs offer students unique opportunities to delve deeply into an area that interests them, where students and teachers with common talents and strengths work together. Many of our schools emphasize a specialized theme and innovative approach to learning.

We are now in the planning process for the 2019-2020 school year. To plan properly, Spartanburg School District Seven has established specific procedures and deadlines for School Choice requests. If you wish to enroll your child in a school other than the one he/she attends or will attend, you must complete and submit an application for school choice, online no later than **March 31, 2019**. Applications may be accessed online at spartanburg7.org. The applications are processed on a first-come, first serve basis.

All students in grade 5 who wish to attend a middle school other than their zoned middle school must apply for choice.

Key Dates to remember:

March 4, 2019

Choice informational letters are sent home with students.
Choice information is available on the district website.
Choice applications are accepted.

March 31, 2019

Choice Application Deadline

May 31, 2019

Parents/guardians are notified about the status of their choice application.

District schools or classes that are at capacity will not be open to choice, and while we cannot guarantee every request will be fulfilled, the district has been able to fulfill many requests in previous years. If you have any questions, please contact Wanda Owens-Jackson, Director of Special Projects, at 864-594-4400.

With kindest regards,

Dr. Terry O. Pruitt
Deputy Superintendent
