4K Enrollment Process & Criteria

- Students with **greatest academic and financial need** are prioritized for enrollment; therefore, every effort will be made to place each student within their home school but some students may be placed in another District Seven school only for their 4K year. Enrollment is open to District 7 students who do not qualify based on academic or financial need on a first-come, first-served basis and is non-discriminatory.
- Prior to acceptance, students **must be baseline-tested for school readiness** using the DIAL-4 screening tool. Parents will be notified of testing date/time at the email address listed above.
- Once accepted, you will be given instructions to **complete the online registration process** in order to be assigned to a 4K class.
- **Applications received after May 25** will be processed if space is available. Students placed on the waiting list will be prioritized based on need (as determined by DIAL-4 screening and financial documentation). Applications may be submitted at elementary schools through **June 12**; thereafter, they may be submitted starting **July 25** when staff return for the 2023-2024 school year.
