

ELEMENTARY SCHOOLS

Jesse Boyd Elementary (5K-5) Jonathan Duvall, Principal

Jesse Boyd is an International Baccalaureate (IB) School authorized to offer the Primary Years Program (PYP), which combines global significance, a concept driven curriculum, and guided inquiry instruction. IB schools prepare students to become active, caring, lifelong learners who demonstrate respect for themselves and others and have the capacity to participate in the world around them. Through the IB Learner Profile and the PYP Attitudes, Jesse Boyd focuses on the development of the whole child as an inquirer, both within and beyond the classroom.

Drayton Mills Elementary (5K-5) Thomas Webster, Principal

DRAYTON MILLS
ELEMENTARY

Drayton Mills Elementary School (DMES) is located near historic Drayton Mills. DMES offers our community a state-of-the-art facility that includes the tools and approaches needed to start students on the path to fulfilling our district's vision of graduates who are "creative, critical thinkers, collaborators, effective communicators, and ethical citizens." With its opening in the 2018, DMES joined the students of former Chapman Elementary and Houston Elementary. DMES adopted Responsive Classroom from Chapman and used Houston's Problem Based Learning as an inspiration for their own Project Based Learning (PBL) approach. Being a PBL school, many features of DMES were derived through student projects. DMES's 128,000 square foot facility includes a makerspace equipped with a variety of coding and robotics resources. Additionally, the makerspace contains materials to foster the "tinkering" that builds critical STEM interest and skills – from KNEX, LEGOs, Lincoln Logs, and Tinker Toys to

3D printers. The school hosts a production lab that includes a green screen, a news desk, an interview space, and audio-visual equipment to allow students to create public products that can be broadcast to the school's multiple interactive screens. Classroom neighborhoods center on "inquiry hubs," high-tech collaborative spaces that accommodate special projects or multi-class groups, and each classroom includes an ActivPanel. In addition to two playgrounds, the exterior of the school includes an athletic field and a courtyard.

Cleveland Academy of Leadership (4K-5) Marquice Clark, Principal

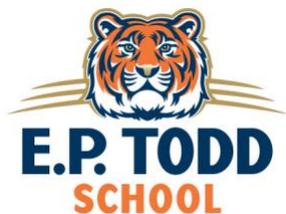

The Cleveland Academy operates on an extended calendar, beginning three weeks before other schools in the District. The heart of the school's curriculum is based on the Leader in Me model, which weaves the concepts outlined in the book *The 7 Habits of Highly Effective People* into every aspect of teaching and learning. Students and their families are immersed in these habits on a daily basis, instilling leadership skills both in school and at home. The Cleveland school uniform is a point of pride for our students and further advances the culture of leadership and community. Of the 2,000 schools around the world using the Leader in Me model, Cleveland was recently named a "Lighthouse School," a distinction awarded to fewer than 150 Leader in Me schools in the nation. The neighborhood surrounding Cleveland has recently become the focus

of an exciting revitalization initiative in Spartanburg, making Cleveland a new gateway to rich educational opportunities.

E. P. Todd School (3K-8) Victoria Bradley, Principal

E.P. Todd School has fully implemented a K3-8 grade configuration model, and is the District's first and only K3-8 school. E.P. Todd is also home to the county's first public Montessori program for pre-K to grade 5 students. Montessori classes are an option for parents seeking an alternative early education choice for their children. The Montessori method focuses on the unique needs of each child, incorporating four basic objectives: coordination, concentration, order, and independence. E.P. Todd also offers the traditional elementary school configuration. The District believes these opportunities offer parents the choice to completely customize their child's educational experience.

150 Old Canaan Road | Spartanburg, SC 29302 | 864.594.4475 | todd.spartanburg7.org

Pine Street Elementary (5K-5) Dennis Regnier, Principal

Pine Street School opened its doors to students for the first time in 1929. Today, 87 years later, Pine Street is included on the National Register of Historic Places. With a rich academic and historical heritage and a dedicated focus on the arts, Pine Street offers a unique environment for elementary school students. Pine Street is proud to be a recipient of *The John F. Kennedy Center for the Performing Arts National Schools of Distinction in Arts Education Award*. This prestigious honor recognizes the creative learning environment at Pine Street and the arts-infused focus that promotes outstanding student achievement. Pine Street offers a rigorous academic curriculum enhanced by instruction in drawing and painting, graphic design, ballet, jazz,

creative movement, music, steel and African drumming, dramatic interpretation, creative writing, and puppetry. Arts-infused learning fosters confidence and dedication in all students. Named an *Arts in Basic Curriculum (ABC) Site*, by The South Carolina Arts Commission, Pine Street is a model for other schools in the state.

Mary H. Wright Elementary (5K-5) Tammy Jordan, Principal

**MARY H. WRIGHT
ELEMENTARY SCHOOL**

Mary H. Wright Elementary focuses on improving student achievement and character education through a strong early literacy program in a technology-rich environment. iPads are part of everyday learning through the 1:1 technology initiative designed to engage students and integrate technology into project-based learning. With the recent addition of a state-of-the-art STEM station, students are encouraged to explore new and emerging technology in a gathering space that supports critical and creative thinking. Mary H. Wright is also the first school in the state to receive *Common Sense School Certification*, which teaches young people that safe, responsible digital citizenship is an important component of a good education. This year, Mary H. Wright has entered the candidacy phase to become an International Baccalaureate (IB) School,

implementing the Primary Years Program (PYP). The PYP draws on worldwide research to create a relevant, engaging, challenging, and significant educational framework for all children.

Meeting Street Academy (PK-5) Kyndran Hilton, Principal

Located in the heart of the city, Meeting Street Academy Spartanburg (MSAS) provides high quality early childhood and elementary education to students from 3K to 5th grade. With two certified teachers in each classroom, Meeting Street emphasizes, in equal parts, strong academic performance and character development to create intelligent, compassionate, and resilient citizens of our community. In addition to high-curricular standards, students adhere to a code of conduct, shaped through the "Responsive Classroom" philosophy focusing on the nourishment of inner self-esteem, accountability and motivation. Students are encouraged to embrace 9 essential *Path to Success* traits: self-control, curiosity, citizenship, gratitude, optimism, integrity, empathy and grit. Collectively, these traits help prepare our children for college and career. By establishing strong partnerships with parents and families, MSAS ensures that students are surrounded by opportunities to learn and

create with high standards and even higher expectations.

MIDDLE SCHOOLS

Carver Middle (6-8) Nicole Thompson, Principal

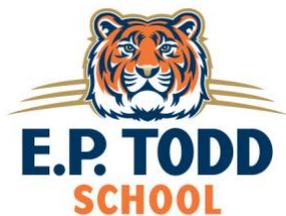

Carver represents a long and distinguished history of excellence in education and is one of the county's first secondary wall-to-wall STEM (Science Technology Engineering Math) schools. In addition, Carver is the first AVID (Advancement Via Individual Determination) National Demonstration Site in the county – less than 2% of the 4500 plus AVID schools worldwide hold this honor. AVID is the gold standard model for creating a college going culture for middle and high school students. The program is structured to expose students to a curriculum rich in creativity, critical thinking, communication and collaboration. In 2016, Carver was recognized by AdvancED and Learning Forward as the first Learning School in the worldwide AdvancED and Learning Forward Networks – a designation that underscores the commitment of the faculty and staff to their

own professional learning. With the combination of a rigorous STEM curriculum, research-based embedded college and career strategies and a faculty who constantly strive to improve practice, Carver's future is as rich as its past.

McCracken Middle (6-8) Margaret Peach, Principal

In 2015, McCracken Middle School earned the prestigious designation as a National School to Watch. This honor is awarded to schools that are academically excellent, developmentally responsive and socially equitable. McCracken seeks to meet the needs of all students by providing a rigorous program of study with a focus on creating critical thinkers prepared to meet the demands of a challenging high school and college curriculum. The foundation of learning is supported by the integration of math, science, social studies, and literature through the cultivation of reading, higher-order thinking, and writing skills combined

with field studies. Parent involvement is a strong cornerstone for McCracken's success and is a longstanding part of the school's culture. In 2020, D7 opened the doors to the campus of the new MMS, located prominently on the Eastside in the former Spartanburg High School. 50 Emory Road | Spartanburg, SC 29307 | 864.594.4457 | mccracken.spartanburg7.org

HIGH SCHOOL

Spartanburg High School (9-12) Vance Jones, Principal

As the first school in the nation to win the prestigious Blue Ribbon School Award four times, Spartanburg High School (SHS) is the flagship school in District 7. Honored by *U.S. News and World Report* and *The Washington Post* as one of the top high schools in the country, Spartanburg High has a proud record of excellence in academics, as well as the arts, athletics and extracurricular activities. The cumulative effect of all that we do in District 7 is reflected by the success of our students at SHS where: the 2020 class earned \$22 million in scholarships and over 85% of our graduates were admitted to a two or four-year college. Housed under the umbrella of the high school is The Freshman Academy – an innovative learning community designed to assist ninth graders with the transition to high school. In 2019, District 7 opened the doors to the campus of the new

SHS, located prominently on the Eastside of Spartanburg. The new facility provides flexible spaces most conducive to 21st century teaching and learning and designed to support the District's progressive 1:1 technology initiative. For the first time in District's history, the high school includes a fine arts wing with a 1000-seat performing arts center and a comprehensive athletic complex with a 7500-seat athletic stadium. 2250 Main Street | Spartanburg, SC 29307 | 864.594.4410 | shs.spartanburg7.org

TECHNICAL SCHOOL

Daniel Morgan Technology Center Kira Reaves, Director

DANIEL MORGAN
TECHNOLOGY CENTER

Daniel Morgan Technology Center (DMTC) offers a wide range of educational opportunities that align with the needs of regional and national employers. Sophomores, juniors, and seniors enroll in sequential courses that match their interests, skills, and professional goals. These hands-on classes include; Automotive Technology, Building Construction, Business Technology, Culinary Arts, Electricity, Environmental Services, Graphics and Printing, Machine Tool Technology, Computer Aided Drafting and Design, Marketing, Protective Services,

Welding, and Horticulture. Work-based learning opportunities are also provided to students in all program areas. Daniel Morgan serves Spartanburg High School and Broome High School in Spartanburg District Three.

201 Zion Hill Road | Spartanburg, SC 29307 | 864.579.2810 | www.dmtconline.org

ALTERNATIVE LEARNING

Myles W. Whitlock Flexible Learning Center Jada Kidd-Robinson, Director

The Whitlock Flexible Learning Center houses the Spartanburg County Alternative Program (SCAP), SCAP is a county school designed to enable students to continue on their pursuit of class recovery and remediation. SCAP utilizes best practices, techniques, and labs to accommodate middle and high school students. Academically advanced students have the added opportunity to take high school courses that are more suited to their individual ability, to prepare for High School Assessment Program (HSAP)

remediation and SAT preparation courses. SCAP also offers a Character Education and Community Service program in order to enrich students' knowledge of civic matters.

SPECIAL NEEDS SCHOOL

McCarthy Teszler School Rene Ford, Principal

The McCarthy Teszler School for special needs students serves children and young adults from all seven school districts in Spartanburg County. For disabled or multi-handicapped students, ages 3-21, McCarthy Teszler Elementary offers a wide array of support services including: physical therapy, occupational therapy and speech therapy. Each student also participates in library, art, music, and physical education. The Teszler division serves students five-years-old and above who are classified as severely emotionally disabled. The program focuses on academic remediation, with special attention to social skills deficits, with the plan of returning these students to a successful school career in their neighborhoods. The Vocational division

serves students in these programs ages 12 to 21 to provide them with the skills necessary to become successful in the world of work.

EARLY LEARNING

Early Learning Center (PK-4) Charlene Doctor, Director

Meeting the highest standards for our youngest learners, The Early Learning Center at Park Hills is a NAEYC accredited school for children ages, birth to four years old. NAEYC, which stands for that National Association of Education for Young Children, is the gold standard in accreditation and fully reflects the District's commitment to early childhood development. The program at the Early Learning Center is designed to enhance children's physical, social, emotional, and intellectual development by offering comprehensive services including; parent education, home visits, medical care, and social services. A wellness center through ReGenesis Health Care is offered at the center. Services include family medicine, pediatrics, immunizations,

community-based health education, dental screenings, exams and mental health referrals.

The Franklin School Shawna Bynum, Director

Early Learning Through Discovery

The Franklin School is a model child development center operated by Spartanburg County First Steps and located in the Northside of Spartanburg. In January 2019, the center opened its doors and welcomed children and families from the Northside community and from close neighbors and partners including Wofford College, USC Upstate, and School District 7. The

Franklin School is designed to serve infants, toddlers, and preschoolers from different socio-economic and cultural backgrounds in an environment where leading research and expertise on early education's best practices take center stage. The state-of-the-art building was designed to fuel young minds by providing optimal learning experiences using both indoor and outdoor classrooms guided by nurturing caregivers.
