## 2022-2023 SCHOOL CHOICE APPLICATION PROCESS & TIMELINE

January 26, 2022

Dear Parents,

In Spartanburg School District Seven, we believe students are most successful when they are involved in programs that interest and motivate them. Many of our schools emphasize a specialized theme, an innovative approach to learning, or a unique program that may interest certain students or their families. While school attendance zones are based on each student’s home address, District 7 also offers families the option of applying to attend a different school within the district through our School Choice program.

School Choice applications are opened on an annual basis. District 7 follows specific procedures and deadlines for School Choice requests so that our schools may plan effectively for the coming school year.

**Students already participating in School Choice do NOT need to apply again.** They will remain enrolled in their current school and progress to the next level school associated with their current school.

If you are not already participating in School Choice and wish to enroll your child in a school other than the one he/she currently attends or is assigned to attend next year based on your residence (for students moving up from elementary to middle school), **you must submit a completed School Choice application online no later than February 28, 2022.** Applications will be available at [spartanburg7.org/SchoolChoice](http://spartanburg7.org/SchoolChoice) starting Tuesday, February 1, 2022. Space is limited and applications are processed in the order they are received, so families are encouraged to apply early.
