

3rd Grade Amazing Race Champion Requirements

Action

Create a project that shows your awareness of a local, national, or international issue. This could be as large as homelessness or hunger, but may be as small as litter in your local park or neighborhood. Your assignment is to create a presentation that will explain the problem and how you have positively impacted the community.

Academic

Memorize your multiplication facts, 0-10. You will be required to complete a quiz with your teacher. The quiz will include 100 facts that students need to complete in 10 minutes. In order to do this, they should be practicing their multiplication facts for fluency and accuracy.

**Once you complete these 2
requirements, you will be recognized at
Coffeehouse and become a JBE
Champion!**
