

What are your plans for child's future?

What will your child do once they graduate from McCarthy Teszler?

Who will keep your child so you can work?

Will he/she have a place to go during the day?

If you want them to be a part of a work or day program, you must begin that process EARLY. Services are accessed through SC Department of Disabilities and Special Needs (DDSN).

Once your child is a client of DDSN, you will need to have your child placed on a waiver waiting list in order to get money needed to go to a day program.
