

REGISTER NOW!

Fall 2021

Every child deserves a chance to play baseball.

Now in our 14th year, the CML continues to grow with over 155 children participating on 10 teams this fall. **No baseball experience is required.**

Miracle Park was built specifically for children that need assistance in playing baseball. We provide buddies to keep your child safe, assist them around the field and at bat.

Children of various ability levels enjoy Miracle League baseball and see improvements with:

- Confidence
- Self-Esteem
- Independence
- Development of motor skills and coordination

If you have any questions, please contact
